

August 30, 2013

Dear HES Community Members:

The U.S. Department of Education is supporting the Administration's efforts to inform the public about full implementation of the Affordable Care Act. **We have been asked to share this message, and the links to relevant one-pagers below, with students, teachers, and families as they prepare for back to school**, in the hope that we start this year with healthier children, families, and school communities. Below are some links which should provide you with information about the Affordable Health Care Act.

We hope this information will be helpful.
