Update:

Dear parents of preschool students,

In keeping with School Readiness and NAEYC policy, preschool students will need **updated physical exams for each year** of preschool attendance. The required physicals must be completed on the Early Childhood Health Assessment form (PreK). This form may be printed from the hamptonschool.org website under the heading of: About HES, Health Room, Pre-K Health Form. The form should be brought to your child's preschool physical appointments. Alternatively, I am happy to provide this form if requested before your child's visits.

Sincerely,

Beverly
